

Offering

- **Access to Cleo University video content (exclusions apply)**
- **Includes Cleo Badges & multiple learning tracks**
- **Content added monthly**
- **Workshop Courses (where applicable)**
- ***Coming Soon* - Instructor-led *Office Hours***
- **Downloadable course manuals**
- **Release Training**
- **SME On-Demand Videos**

Why Do it

- **Get clarification on B2B/EDI/API concepts during *Office Hours***
- **Continuous on-demand learning**
- **Increased retention of the content and reference material**

Details

- ***Cleo Certification* is not included**
- ***Office Hours* are pre-scheduled online group events that multiple customers sign up for**

Cost

- **\$5k for unlimited access for one individual for a year, or**
- **\$15k for unlimited access for up to five individuals for a year**

Course Catalog Categories

Category Name	Description
1. Cleo Badge	Full featured courses from the <i>Cleo University</i> Course Catalog. (Exclusions apply)
2. Overview	Top-level courses with a range of topics that vary in complexity.
3. Release Training	Informative courses on the latest CIC releases.
4. CIC Studio Objects	Contains a multitude of courses focused around “Objects” specific to CIC Studio.

Cleo Badge

Course	Description	Video duration
Data Transformation Fundamentals (DT103)	Designed for those using either our Cleo Clarify® Studio or our Cleo Integration Cloud® Studio, we present a basic understanding of transformation capabilities and an overview of Studio terminology and standards/practices to provide insight into the essentials for designing your solution. Completing this mandatory prerequisite course allows you to register for either the DT201 Data Transformation (PCE) Developer course or the CE203 CIC - Cloud Edition Cloud Comprehensive course.	3 hours, 31 minutes
CIC A Smarter DARS (CE310)	This self-paced video course, which can be viewed at your leisure, demonstrates how to create a Smarter Data Analysis Ruleset (DARS) to determine whether a Route is found for the data being processed. This is applicable to both Outbound EDI Routes and Application Routes.	1 hour, 16 minutes
CIC API-based Integration (CE320)	This self-paced video course, which can be viewed at your leisure, demonstrates how to configure a simple Web Service Consumer solution, and then how integrate a typical SaaS application (Amazon Marketplace) with a typical backend ERP.	58 minutes

CIC Database Integration (CE330)	How to incorporate your internal database into the data transformation workflows is discussed and demonstrated in this video course presented by Cleo Product Instructor, Kelly Logothetides.	1 hour, 38 minutes
CIC Fundamentals (CE101)	This course provides an overview of CIC – Cloud Edition and introduces key terms and concepts. Learners will gain an understanding of how to navigate, connect to trading partners using protocols, and integrate with internal back-end systems.	2 hours, 5 minutes
Project Lifecycle (DT303)	So, your Project is complete, shared and synchronized, and published to the STAGE server. Now, how do you get it ready for the production environment? And, once it's there, how do you incorporate into PROD changes made back in STAGE. In this session, we'll discuss and demonstrate. This self-paced video course, which can be viewed at your leisure, is designed for those using either our Cleo Clarify® Studio or our Cleo Integration Cloud® Studio.	41 minutes
CIC Studio Accelerated (CE202)	This self-paced video course, which can be viewed at your leisure, is designed for those migrating from our Cleo Clarify® Studio to our Cleo Integration Cloud® Studio. After completing this course, you can request a brief Zoom meeting with a Cleo instructor to address any questions you may have.	22 minutes
Data Movement Fundamentals (DM101)	This self-paced video course, which can be viewed at your leisure, will introduce participants to data movement (DM) concepts and the Cleo LexiCom®, Cleo VLTrader®, and Cleo Harmony® applications. DM101 Fundamentals includes background information on data movement general concepts and how Cleo implements them. It can be taken for general information and/or a high-level overview of Cleo's data movement software. Topics covered: Introduction to Ecosystem Integration Data Movement Terms and Concepts User Interface Navigation.	48 minutes

SME On-Demand Videos:

Overview, Release Training, and CIC Studio Objects (as labeled)

Category	Course
CIC Studio Objects	Application Interface Introduction
CIC Studio Objects	Business Process Introduction
CIC Studio Objects	Templated Business Process: Inbound EDI
CIC Studio Objects	Cloud Adapter Introduction
CIC Studio Objects	Cloud Adapter: Override Endpoint Function
CIC Studio Objects	Cloud Monitor Introduction
CIC Studio Objects	Code Table Introduction
CIC Studio Objects	Code Table Objects in a Ruleset
CIC Studio Objects	Control Number Generators Introduction
CIC Studio Objects	Modify a Control Number Generator Object
CIC Studio Objects	Node Grouping
CIC Studio Objects	EDI Enveloper Introduction
CIC Studio Objects	EDI Schema Introduction
CIC Studio Objects	Events Introduction
CIC Studio Objects	Flatfile Schema Introduction
CIC Studio Objects	Functional Acknowledgements
CIC Studio Objects	GUI Tips & Tricks: Overview (Slideshow)
CIC Studio Objects	Inbound EDI Route Introduction
CIC Studio Objects	Next Numbers Introduction
CIC Studio Objects	Next Numbers Object in Business Process
CIC Studio Objects	Next Numbers Object in a Ruleset
CIC Studio Objects	Outbound EDI Route Introduction
CIC Studio Objects	Ruleset Introduction
CIC Studio Objects	Transformation Ruleset: Composite Rules
CIC Studio Objects	Transformation Ruleset: Simple Rules
CIC Studio Objects	Ruleset Conditioning
CIC Studio Objects	Ruleset Variables
CIC Studio Objects	Ruleset: Testing with Run Transformation Feature
CIC Studio Objects	Ruleset Data Object Introduction
CIC Studio Objects	Trading Partner Introduction
CIC Studio Objects	Transformation Settings Introduction
CIC Studio Objects	Uniquely Name Target Files
Overview	Create Dependencies
Overview	Share Projects with SVN Repository
Overview	Admin Console Introduction
Overview	Studio Workspace Introduction
Overview	Projects Overview

Overview	Manifest File Introduction
Overview	Connect to SVN Repository
Overview	CIC Introduction
Overview	CIC Cockpit Tour
Overview	CIC Cockpit: Scenario 1 - Managed File Transfer - FTP
Overview	CIC Cockpit: Security
Overview	CIC Cockpit: Scenario 2 - Managed File Transfer - SFTP and file routing
Overview	CIC Cockpit: Scenario 3 - Managed File Transfer - AS2
Overview	CIC Cockpit: Scenario 4 - Prepare for Data Transformation
Overview	Slideshow: Cloud Objects
Overview	Slideshow: Data Analysis Ruleset
Overview	Slideshow: Data Group
Overview	Slideshow: EDI Enveloper
Overview	Slideshow: Inbound EDI Business Process
Overview	Slideshow: Inbound EDI Pipeline
Overview	Slideshow: Inbound EDI Route
Overview	Slideshow: Integrating
Overview	Slideshow: Outbound EDI Business Process
Overview	Slideshow: Outbound EDI Pipeline
Overview	Slideshow: Outbound EDI Route
Overview	Slideshow: Projects, Operations, & Pipelines
Release Training	CIC Cockpit with RADAR Overview
Release Training	CIC Cockpit with RADAR (CE340)
Release Training	Rethink - Cleo Connect 2022
